

## Appendix 5: Plans and Projects

| Plan/Project                                 | Proposal   | Potential Impacts that could cause in-combination effects   |
|--|--|---|
| Forest of Dean Core Strategy                 | Adopted (February 2012) Following legal challenge AAP confirmed in May 2013. A further challenge was made but permission to appeal was refused by the Court of Appeal on 24 March 2014 | The HRA concluded that the Core Strategy will not result in any significant negative impacts on identified sites, although there will be a need for HRA Screening, with the possibility of an Appropriate Assessment requirements, at later stages of the planning processes, when development proposals are more detailed. |
| Lydney Neighbourhood Development Plan        | Consultation in progress   | The HRA concluded the LNDP would have no significant adverse effect if a number of recommendations and changes to wording were embedded in the plan.  |
| Cinderford Northern Quarter Area Action Plan | Adopted (February 2012) Following legal challenge AAP confirmed in May 2013. A further challenge was made but permission to appeal was refused by the Court of Appeal on 24 March 2014 | The HRA identified four potentially likely significant effects through a screening of the AAP. It concluded these should be assessed at the project stage when detailed information was available.  |
| P0663/14/OUT Northern Quarter Cinderford     | A large scale hybrid planning application covering much of the AAP - comprising the demolition of buildings and mixed use development and associated infra- structure                  | The HRA concluded with all the mitigation incorporated into the projects that the project would not adversely affect the integrity of any European Site.  |
| South Worcestershire Development Plan        | Re-commencing examination (2015)   | The HRA for the Proposed Submission version of the South Worcestershire Development Plan concluded that the mitigation provided by Pre-Submission policies and current regulatory processes (EA Review of Consents), the plan will not have an adverse effect on European sites.  |
| Monmouthshire Local                          | Adopted February 2014  | The HRA Report for the Monmouthshire Draft Deposit  |

|  |   |   |
|--|---|---|
| Development Plan   |   | LDP concluded that the Deposit LDP (incorporating Focussed Changes, and including site allocations) would not have any likely significant effects alone or in combination on European sites.  |
| Stroud Local Plan  | Examination in progress (re-commencing May 2015)        | The HRA concluded that with the inclusion of the recommended amendments to the Stroud Local Plan it will not lead to an adverse effect on the integrity of any European sites either alone or in-combination. It is understood that changes to the recommended mitigation in the HRA have been made by Natural England but have since been agreed and incorporated into the Local Plan with a final conclusion that there would not lead be an adverse effect on the integrity of any European sites. |
| Joint Core Strategy: Gloucester, Cheltenham and Tewkesbury | Plan submitted to Planning Inspectorate November 2014   | The HRA concluded (taking into account the HRA's various recommendations for mitigation) that the Draft JCS would not have an adverse effect on the integrity of European sites.  |
| Herefordshire Core Strategy                                | Currently in examination (February 2015)                | HRA of the Pre-submission Core Strategy concluded there were no likely significant effects on European sites to be reached, either alone or in combination with other plans although additional work was recommended in relation to the Hereford Area Plan.   |
| Gloucestershire Waste Core Strategy                        | Adopted November 2012                                   | The HRA concluded that the WCS and associated policies will have no likely significant effects alone or in-combination on any European designated sites for nature conservation.  |
| Gloucestershire Draft Minerals Plan                        | In consultation. Pre-publication daft anticipated 2015. | The HRA is not completed and is still at information gathering stage.   |
