Hi Emma. Previously back in 2023, we commissioned a company to work with the practice and 4 different options were set out in a report for the ICB on how the building could be reconfigured were completed with a range from a minimal one costing £45k to maximum one costing around £710k (obviously prices will have increased since then). Therefore, I am confident a relevant solution can be delivered

Dear Andrew,
I write further to the above planning application. I note a contribution is requested in order to reconfigure and/ or extend the existing building. The applicant is aware of this. A number of representations have highlighted the difficulty of extending the existing building, so I would welcome any comments you may wish to make regarding this matter.

I would be grateful for any comments you may wish to make by close of business on Friday 24 April 2026.

Any queries, please let me know.

Regards
Emma

Emma Hughes
Principal Planning Officer (Applications)

Forest of Dean
— DISTRICT COUNCIL —
