

## Community Grant awards 2022

One off grants are awarded annually by the Community Engagement team to local community groups. They are aimed at *building the capacity* of the community rather than directly delivering services and there should be clear outcomes that are of benefit to the community. Each group awarded a grant should be able to clearly demonstrate that there is local value and leadership and demonstrate its importance to the community. Successful applicants for 2022 and their outcomes are detailed in the table below.
