

Our only home

# The Galapagos Biosphere Reserve

# The Forest of Dean potential

# The Biosphere Reserve Team working together in partnership

# Building with nature

and again...

and again...

# A wise use of natural & human resources...

**Reviving local livelihoods, reducing the ecological footprint of the communities in the region.**

**Ragman's Lane Farm, Ruardean**

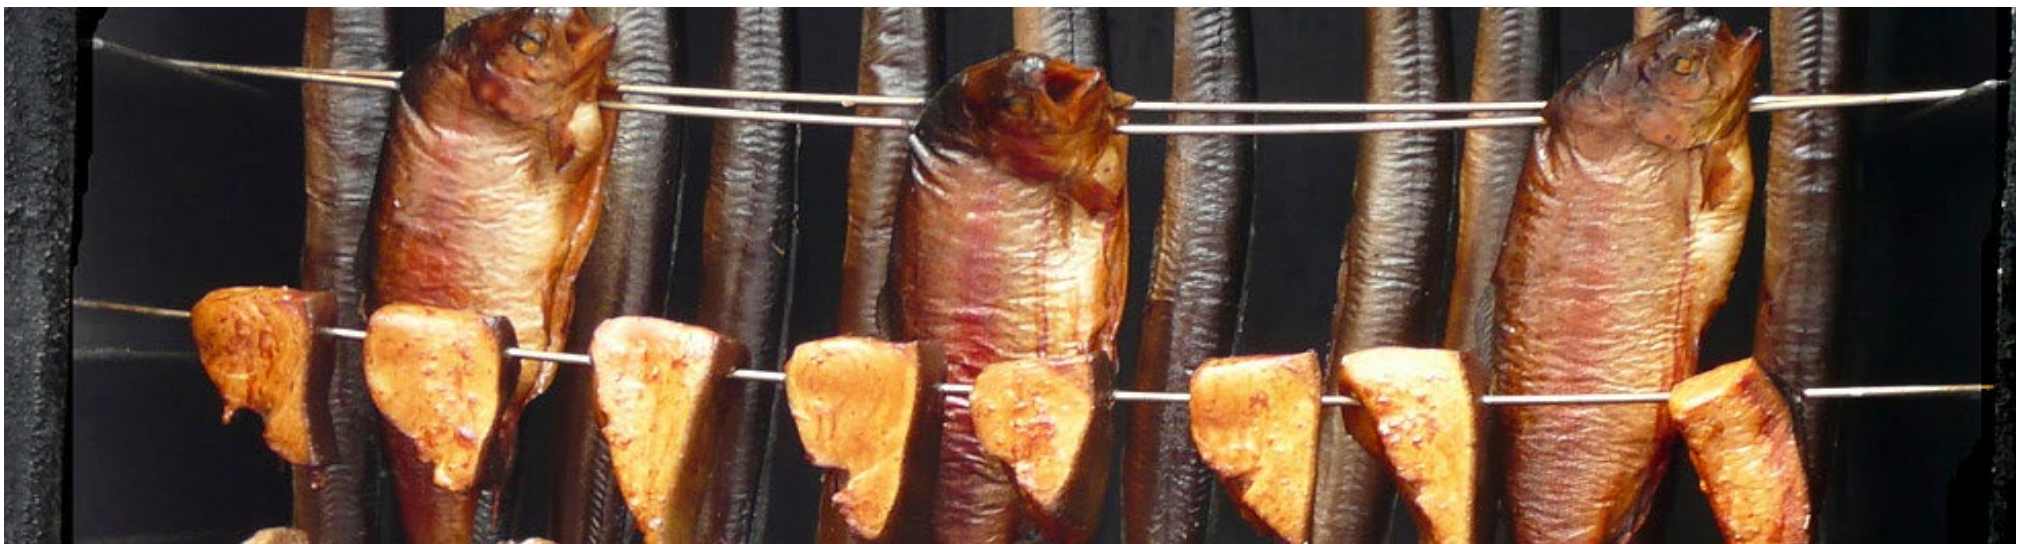

# Making room for development and conservation – sustainable tourism

Biosphere reserves highlight the distinctiveness of the area and help foster a sense of place amongst residents and visitors.

# Providing a 'brand name' to improve local economies

To leave a legacy for those as yet  
unborn
