

ATC051 - Valley Road, Station Street and A4151 Steam Mills Road - Cinderford

Cycle stands to be provided at all bus stops along the corridor.

Implement a 20mph zone along the A4151 from Valley Road Junction to create a mixed traffic low speed environment. Additional traffic calming measures to be implemented if required.

Implement a 20mph zone on Station Road to create a mixed traffic low speed environment. Use physical traffic calming measures if needed, with improvements to walking environment where appropriate (GCC CWIC scheme).

Additional cycle storage provision to be provided in Market Street.

Wayfinding and signage provision along the route, in particularly in Market Street and from bus stops.
